Hypodermic Needle Model of Communication

129. Viewing Mass Communication as merely a process of disseminating messages to control people is an idea called:

Transmissional Perspective

131. When Peoples Republic of China became the member of the United Nations? **1971**
137. When the United States promulgated its present constitution and became a federation?

1789

139. Which country will host the Summit of G20 in November 2020? **Saudi Arabia**
140. Vietnam War was ended in: **1975**

169. Which of the following is a technique for producing a set of relations with desirable properties, given the data requirements of an enterprise? **Normalization**

172. The Real Wages are obtained after adjusting for: **Inflation**

173. A type of unemployment in which workers are in-between jobs or are searching for new and better jobs is called:

Frictional

174. Ratio of nominal GNP to real GNP is called: **GNP price deflator**
175. Friedman's Hypothesis states that the Marginal Propensity to Consume (MPC) out of transitory income is zero also has an interesting implication for: **Monetary policy**
176. When the current interest rate is low with high savings rate, so that keeping monetary policy ineffective is known as: **Liquidity Trap**
177. Under Monopolistic competition, there can be freedom of entry only in the sense of a freedom to produce: **Close substitute**
179. The theory which explains that the people's choice is based on rational outlooks, available information and past experience is called: **Rational Expectations Theory**

54. Gneiss, schists, anthracite, diamond, marble, slate are common examples of: **Metamorphic rocks**

56. Which of the following is a cold current? **Benguela**

58. The Great Barrier Reef is located in the: **Pacific Ocean**

59. There are _____ themes in Geography: **five**
60. The Royal Geographical Society was founded in: **1830**
61. Which type of climates of the world has dry summer and wet winter? **Mediterranean type**
62. Regarding food availability, which of the following things inspired people to settle permanently in one location?

Agriculture

63. The Earth surface and crust are constantly evolving due to: **Rock cycle**
64. The source of light is placed on the opposite side for drawing the graticules for: **Orthographic Projection**
68. The famous Humboldt Ocean current is also known as _____ current: **Peruvian**
69. Possibilism is theory of a French historian named as: **Lucien Febver**
70. Which of the following is the widened river mouth found at the point where a river enters into sea? **Estuary**
72. Which of the following therapies has been found effective in treating autism, drug addiction, and anxiety disorders?

Behavioral therapy

73. As children begin their elementary school years, they enter: **Industry versus inferiority**
75. Which of the following research methods DOES NOT allow drawing conclusions regarding causality in research?

Correlational research

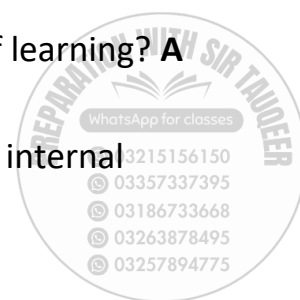

76. Which of the following is NOT considered as an altered state of consciousness? **Exercise**
77. Which of the following statements best illustrates Maslow's esteem needs? **Going to university to earn a master's degree in counseling**
78. Of the following, which would a psychologist consider the best example of learning? **A child being able to ride a bike**
80. When we perform well on a task we typically attribute our success to our internal characteristics. This is known as:

Self-serving bias

112. A system of verbal symbols through which humans communicate ideas, feelings, experiences is called as:

Language

113. Cultural Diffusion means the spread of _____ from one group or society to another: **Cultural traits**

114. The division of people socio-economically into different layers termed as: **Social Stratification**
115. Structural Functionalism holds Society as a _____ organization: **Complex**
117. Robert Merton defines human functions into two types. Among which latent functions are: **Unintentional and not obvious**
118. What is the opposite of capitalism? **Communism**
119. When the skillful and well versed individuals of a country immigrate to another country, the phenomenon is termed as: **Brain drain**
120. Which of the following is the primary institution of the socialization of children? **Family**
121. Appeals to humor, appeals to sex, and effects of repetitions are the three techniques of: **Persuasive Advertising**
95. Who was the last Security Adviser of PML (N) Government (2013–2018)? **Lt Gen (R) Nasser Janjua**
96. Who is the United States Security Adviser to President Donald Trump? **Robert Obrien**
132. Total number of members of Pakistan Senate has been changed after the merger of FATA into KPK. Now it is: **96**
134. Total members of the electoral college for the United States presidential election are: **538**
136. Recently who replaced Dr. Maleeha Lodhi as the Permanent Representative of Pakistan to the United Nations?

Munir Akram

138. What is the total number of members in the European Union at present? **27**
151. If a graph is a complete graph with n vertices, then how many spanning trees a complete graph can have? Where n is the number of nodes in the graph: **n^{n-2}**
152. Regular expression for all strings starts with ab and ends with aab is given as: **$ab(a + b)^*aab$**
153. Which of the following binary search tree has a property in which the sub-trees of every node differ in height by at most one? **AVL Tree**
154. Which of the underlying layers provides an interface for the end-user operating a device connected to a network?

Application Layer

155. Following are the basic operations supported by an array EXCEPT: **Blaze**
157. What is the fifth layer of Networking OSI (seven-layer) model? **Session Layer**
158. Following algorithms are based on divide-and-conquer programming approach EXCEPT: **Heap Sort**
159. Which of the following is a technique by which different

PREPARATION WITH SIR TAUQEER

analog and digital streams of transmission can be simultaneously processed over a shared link? It divides the high capacity medium into the low capacity logical medium which is then shared by different streams: **Multiplexing**

160. In which of the following windows thread states, a thread enters this state after waiting if it is ready to run but the resources are not available? **Transition**
161. Today, it is very rare to see a LAN, MAN, or WAN in isolation; they are connected to one another. When two or more networks are connected, the network is called: **InterNetwork**
162. Followings are the advantages of Data Replication EXCEPT: **Reduction in Storage Requirements**
166. In which of the following mode of data delivery, the transfer of data from servers to clients is initiated by a client pull? **Pull-only**
167. In Data Structure and Algorithm, Data Definition defines a particular data with the following characteristics EXCEPT: **Discursive**
168. In which of the following topology, all devices share a single communication line or cable? This topology may have problem while multiple hosts sending data at the same time: **Bus topology**
52. Sedimentary rocks are formed by a natural process known as___: **Lithification**
53. Atmospheric pressure decreases rapidly with altitude because the air becomes: **Less dense**
65. Which of the following move material in their parallel to the direction of movement? **P waves**
187. The concept of Pareto Optimum is also called as: **Economic Efficiency**
188. In case of monopolistic competition, equilibrium takes place at the point where: **MR = MC**
189. Monopolist cannot be in equilibrium at a level of output where elasticity of demand is: **Less than 1**
192. In which battle Jafar bin Abi Talib was martyred? **Battle of Mubah**
197. The only Sahabi whose name is mentioned in Quran is: **Hazrat Zaid RA**
198. When we make the judgment, the action is good, we imply that the action has some _____ or that it is worthwhile: **Value**
199. The best eatable thing as mentioned in the Holy Quran is: **Honey**
200. Zakat is due on goats as: **1 goat for every 40 goats**
125. A Short History of the Saracens is a book authored by Syed Ameer Ali. This book is written on the history of: **Arab Muslims**

ASSISTANT DIRECTOR (MoD) NTS 2017

1. If Pakistani citizens become less-concerned with the future and save less at each real interest rate: **Real interest rates rise and investment falls**
2. The factors of production in economics are: **Four**
4. Diamonds are more expensive than water because: **They yield higher marginal utility**
5. Everything else the same, the higher the interest rate: **Greater is the incentive to save**
7. Credit market deals with: **Savings and investments**
9. If at the current level of output, the firm's marginal revenue is less than its marginal cost, then firm should: **Decrease output**
10. According to the modern quantity theory, inflation will result whenever: **The money supply grows faster than money demand**
11. Write these numbers in descending order? 61, 34, 29, 58, 72: **72, 61, 58, 34, 29**
12. A player drank 10 bottles of water in a cricket match. The capacity of each bottle is 1.5 Liter. How many liters of water the player drank: **15 Liters**
13. The angle between the hands of the clock at 6:00 is: **180°**
14. What is the amount of Zakat a person has to pay if he has Rs. 800000 at a rate of 2.5%? **20000**
15. If Rs. 60000 is distributed among three boys in the ratio 3:5:7, then find the difference between the largest and smallest share. **Rs. 16000**
16. Write the correct symbol as required. **85143 < 87194**
17. A square shaped wedding hall has an area of 18m². Find the cost of tile flooring at the rate of Rs. 725 per square meter. **Rs. 13050**
18. If a man drives his motorcycle 170 Km in 2 days, how many Km will he drive in 15 days? **1275 Km**
19. Amir has 16 marbles in his pocket. He has 8 red ones, 4 green ones, and 4 blue ones. What is the minimum number of marbles he must take out of his pocket to ensure that he has one of each color? **13**
20. There are 7 packets. Each packet has 12 toffees. Find total number of toffees. **84**
39. One kilometre is equal to: **1000 m**
148. X is midway between Y and Z. The distance between X and Y is 6 cm. Then what will be the distance between Y and

Z: **12 cm**

149.If $\frac{1}{3}$ of the liquid contents of a can evaporates on the first day and $\frac{3}{4}$ of the remainder evaporates on the second day, the fractional part of the original contents remaining at the close of the second day is: **$\frac{1}{6}$**

151.What is the smallest integer divisible by 21 and 18 and 24: **504**

152.The average of six consecutive integers in increasing order of size is $9\frac{1}{2}$. What is the average of the last three integers: **11**

154.Two angles are supplementary. One angle is 12° less than three times the other. What is the measure of the larger angle: **132°**

155.A class of 30 girls and 40 boys sponsored a ride. If 60 percent of the girls and 25 percent of the boys went on the ride, what percent of the class went on the ride: **40%**

160.Your supervisor instructed you to purchase 240 pens and 6 staplers for the office. Pens are purchased in sets of 6 for Rs. 2.35 per pack. Staplers are purchased in sets of 2 for 12.95. How much will the purchasing of these products cost: **Rs. 132.85**

21.Which of the following vitamin we can get from sun rays? **Vitamin D**

22.Which of the following is NOT a feature of solids? **Frequent fluidity**

23.The enthalpy change of a reaction does NOT depend on: **Different intermediate reactions**

25.When we heat magnetic material then its magnetism: **Decreases**

26.The process in which AC is converted into DC is called: **Rectification**

29.The atomic radius decreases in a period due to: **Increase in nuclear attraction**

30.Which of the following is not tissue? **Stomach**

31.Plants photosynthesize on a sunny day than they do on a cloudy day: **Faster**

32.A solution is: **Homogenous**

34.Vaccines are used **For protection against diseases**

35.Indicate an air pollutant among the following: **Carbon monoxide**

36.The gas which is responsible to stop ultraviolet radiation coming from the sun is: **Ozone** 37.As we go up in the air: **Atmospheric pressure decreases**

38. Which of the following instrument is used to measure height above sea level: **Altimeter**

40. Tuberculosis generally affects: **Lungs**

41. Which of the following gases is used in soft drinks: **Carbon dioxide**

42. In the game of chess, what is another name for a rook: **Castle**

43. Numismatics is the study of: **Coins**

44. Helsinki is capital of: **Finland**

46. What paper represents the Zodiac sign Leo **Lion**

101. In accordance with the Veds, what is the duty of Shooders? **To serve on the low rank jobs**

173. Tibet was invaded by China in: **1950**

111. The concept of SELF has been an important point in Iqbal's poetry that is focused on: **Dignity of self**

112. Determination of right and wrong conduct for an individual or society is known as: **Morality**

113. What is Taboo? **Something essentially not allowed**

115. According to the philosophy of Karl Marx, human ethics are changed with the change is: **Economy**

116. Which of the following is NOT a major concept of Ethics: **Economy**

117. Reformatory theory is basically a theory of: **Punishment**

118. Human beings enjoy the company of other people. This phenomenon is known as: **Gregariousness**

120. To determine as when, how and to what extent people want their personal information to be communicated to others is known as: **Privacy**

172. Technology has impressive to do among_____ with information, the humanity has altered thoroughly: **knowledge**

58: Why Morse code is used? : **Signaling or sending messages by telegraph**

55: "Dark ages" refers to the decline of science and culture. Which period put an end to "Dark

Ages"? : **Renaissance** 56: Who was 'Eros' in Greek myth? **God of love**

175. Universal Declaration on Human Rights was declared on: **1948**
176. According to which political theory all nation-states act in self-interest?: **Realism**
177. German attack on Poland was the immediate cause of: **World War II**

179. Which one is an external pressure in the formulation of foreign policy?: **INGO's**
180. The term "Wind of Change" denotes: **Decolonization in Africa**
161. Due to globalization the developed states are becoming more rich and influential by: **Liberalization of trade**
162. The developed countries are promoting democratization in entire world and also liberalization of: **World markets**
164. CENTO was closed during: **1979**
183. The British Prime Minister is appointed by: **The Queen**
184. Identify the organization that is made up mostly from British colonies? **Commonwealth of Nations**
185. The American President must have resided in the United States of America for at least: **Fourteen years**
186. During the Russian Revolution of 1917, the Bolsheviks took control of the government under: **Lenin**
190. Who was the teacher of Plato? **Socrates**
192. Sovereignty is an essential element of: **State**
193. The American Revolution ended with which treaty in 1783? **Treaty of Paris**
195. Which one of the following is not an element of state? **Religion**
196. The principle of popular sovereignty holds that sovereignty lies with: **People**
197. Political parties are generally formed on the basis of: **Common interests**
198. The two major political parties in Britain are: **Labour and Conservative**
199. One-Party system is found in: **China**
200. Along with Plato and Aristotle, _____ is one of the "big three" in ancient Greek philosophy: **Socrates**
49. In humans the eye colour is developed due to the effects of: **Genes**

51. The phenomenon which does not lead to global warming: **Ozone depletion**

54: Energy obtained from sun is called : **Solar energy**

57: Coal, Peat, Oil and natural gas are nonrenewable sources of stored energy. They are formed over geological time from decomposed plants and animals. Which term is used for them? : **Fossil fuel**

61: The source programs are in which language? **High level language**

62: Data retrieved from secondary storage to be used in main memory is done by : **Paging**

63: The terms push and pop are related to : **Stack**

64: "Portrait and landscape" in MS Word are : **Page orientation**

65: The following part of a database that holds one type of information is : **Field**

66: A Nibble consists of : **4 bits**

67: In MS Word, key F12 opens : **Save as dialogue box**

68: A series of instructions that can be followed to obtain desired outcomes is called : **Algorithm**

69: To represent something in the form of tables is called : **Tabular form**

70: PowerPoint presentation generally consists of many : **Slides**

71: _____ is the set of buttons that invoke commands in a word processing document : **Toolbars**

72: The shortcut Ctrl + F is used for : **Searching in a file**

74: Which of the following is NOT Application Software?

Windows XP Complete the sentences by choosing the

most appropriate option, from the given lettered

choices (A to D/E) below each.

86: The research is so _____ that it leaves no part of the issue unexamined:

Comprehensive

88: He cannot stop his son _____ smoking. : **From**

89: The visitor was of an _____ age; white-haired, but baby-faced, he might have been twenty-five or fifty. :

Indeterminate

158. Which expression tells BEST just what a floor is: **Something to step on**

Five lettered pairs (A to E) follow a related pair of words given in capitals. Select the lettered pair that best expresses a relationship similar to that expressed in the original pair in capitals.

91: USURY : INTEREST :: **Gouging : Price**

92: TUNNEL : MINE :: **Corner : Intersection**

93: FISH : SCALE :: **Bird : Feathers**

94: CLOCK : TIME :: **Yardstick : Distance**

95: LANGUAGE : SLANG :: **poetry : doggerel**

Choose the lettered word or phrase that is most nearly opposite in meaning to the word in capital letters.

96: SCRUTINIZE (Opposite) : **Skim** 97:

ANONYMOUS (Opposite) : **Defined** 98:

CAPRICIOUS (Opposite) : **Steadfast**

100: REAL (Opposite) : **Fake**

102: In Hudaibia agreement, it was decided between Muslims and Quraish that they will not fight each other for : **10 years**

103: Who was the commander of Kuffar in Battle of Uhud? **Abu Sufian**

76.To copy a picture of the selected window to the clipboard_____: **Alt+Print Screen**

78.Where are data and program stored when the processor uses them? **Main memory**

79._____ is called as a C++ instruction that tells the computer to do something: **Statement**

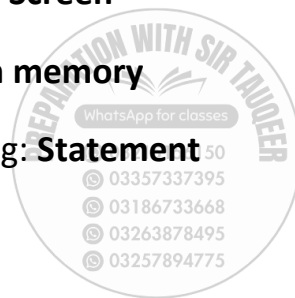

80.Firewalls are used to protect against: **Unauthorized attacks**

81.By default, your documents print in _____ mode. **Portrait**

82.Correcting errors in a program is referred to as_____: **Debugging**

83.Servers are computers that provide resources to other computers connected to a:
Network

84.A software generated interrupt caused by an error during program execution is called: **A trap**

- 85.Saving is a process: **To copy the document from memory to storage medium**
- 86.SMPS stands for: **Switched mode power supply**
- 88.Which of the following is not a valid MS Office doc?: **.vobx**
- 89.To view information on the web you must have: **Web browser**
- 90.Which of the following quality ensures to compare the results of a phase with another phase: **Traceable**
- 94.If the file saved earlier is edited then: **It is essential to save the file again to store the change**
- 95.Which one of the following is a set of one or more attributes taken collectively to uniquely identify a record: **super key**
- 96.SMS means: **Short Message Service**
- 97.A person who gains _____ access to a computer system is called hacker.: **illegal**
- 98.By encryption of a text we mean: **Scrambling to protect its security**
- 99.In MS Word documents saved go where by default: **My documents**
- 100.If all processes I/O bound, the ready queue will almost always be ___ and the short term scheduler will have a ___ to do: **Empty, little**

SPECIAL OPERATOR OR DATA CONTROL ANALYST

MOD MINISTRY OF DEFENCE – NTS 2019

- 1.The laboratory has _____ of equipment: **large number**
- 2.Philosophers have traditionally distinguished “simple” _____ ideas and “complex” ideas: **between**
- 3.The teacher advised Saleem to give _____ bad company: **up**
- 5.I am alive _____ all the changes that are going on here: **to**
- 6.One’s fingerprints are _____ different from any other person: **different from those of any other person**
- 7.Many buildings with historical significance are now being _____ instead of being torn down: **repaired**
- 8.Percentage of zakat is: **2.5 percent**
- 9.There is no charity on a Muslim with regard to his: **Iron**

10. There are _____ Pillars of Islam: **five**

11. When someone forgets in Namaz, He has: **to perform "sajda-e-sahw" in the end**

12. When a Muslim prepares for Obligatory prayer, he is like a person: **who prepare for hajj and umra**

67. What is a Candidate Key in Database?: **A set of one or more attribute that can be used to uniquely identify the records in a table**

69. Which of the following is an implementation of dynamic arrays in C++? **vector**

70. Which of the following is the Best Case Time Complexity of the Quicksort algorithm?
O(n)

71. What are the advantages of compiled languages?: **their execution speed is faster**

72. A DFA (deterministic finite automata) is defined by a quintuple (5-tuple) as $Q, \Sigma, \delta, q_0, F$.
Where δ =: **A transition function that maps $Q \times \Sigma \rightarrow Q$**

73. Which of the underlying network is a network with a size between a LAN and a WAN?
MAN (Metropolitan Area Network)

74. Which of the following is the Best Case Time Complexity of the Bubble Sort algorithm?
O(n²)

75. In Tuple Relational Calculus, to express the query "Find the set of all tuples S such that F(S) is true", how can we write this: **{S | F(S)}**

76. What is the space complexity of the Quicksort algorithm? **O(n)**

77. The purpose of normalization is to identify a suitable set of relations that support the data requirements of an enterprise. Following are the characteristics of a suitable set of relations EXCEPT: **Implementation of a method that depends on the type of the object it is applied to (overriding)** 78. What is the space complexity of the HeapSort algorithm?
O(1)

79. In which network topology, one long cable acts as a backbone to link all the devices in a network? **Bus Topology** 80. Which of the following describes the relationship between members of the subclasses and indicates whether it is possible for a member of a superclass to be in a member of one or more than one subclass? **Composition**

81. What is the overall time complexity of the merge sort algorithm? **O(n log n)**

PREPARATION WITH SIR TAUQEER

82. In which of the following communication mode, each station can both transmit and receive, but not at the same time? **Half-Duplex**
83. Which of the following is the Preprocessor Directive in C++? **#include <iostream>**
85. Which of the following is the Average Case Time Complexity of the Bubble sort algorithm: **$O(n^2)$**
86. When was the Treaty of Versailles signed: **1919**
89. When did the Second World War start: **1939**
91. In which country Google Wing recently launched home delivery drone service: **Australia**
98. Which country recently agreed to end use of coal by 2038: **Germany**
87. Pakistan Senate's election are held after every: **Three years**
88. Who introduced the 8th amendment in 1973 Constitution of Pakistan: **Gen. Zia-ul-Haq**
90. In freedom movement of India, who wrote the pamphlet "Now or Never": **Choudhry rahmat Ali**
92. Who has been elected as member of the executive committee of the Inter Parliamentary Union: **Raza Rabbani**
93. Who has been chosen as the Chairman of newly created Strategic Policy Planning Cell: **Dr Moeed Yusuf**
95. Which Chief Justice of Peshawar High Court inaugurated two child protection courts in Mardan and Abbottabad districts on October 5th, 2019: **Justice Waqar Ahmed Seth**
96. Which woman from Pakistan has been named in BBC's 100 Women of 2019: **Jalila Haider**
97. What is Pakistan's rank in Miserable Countries Ranking 2018: **34**
99. Recently the United States handed over first Apache Guardian attack helicopter to: **India**
100. Who was the only athletic representing Pakistan at the World Beach Games 2019: **Muhammad Inam Butt**

COMPUTER OPERATOR MoD 2017: By NTS

1. The yearly path of the Sun around the heavens is known as _____. **ecliptic**

2.They _____ to each other since they_____: **have not spoken ... quarreled**

3.Where _____ you born? **were**

4.The time_____ your watch is not accurate. **by**

5.Mr. Khalid _____ asked to speak in public: **has rarely been**

Five lettered pairs (A to E) follow a related pair of words given in capitals. Select the lettered pair that best expresses a relationship similar to that expressed in the original pair in capitals.

7.WARDROBE : CLOTHES :: **bookcase : books**

8.PERFORATE : HOLES :: **speckle : spots**

Choose the lettered word or phrase that is most nearly opposite in meaning to the word in capital letters. 9.GRAB : : **release**

10.SOOTHE : : **annoy**

11.CATCHING : : **revolting**

12.ALARMING : : **Usual**

Choose the word most similar in meaning to the capitalized ones.

13.BITTER : : **sour**

14.FRIEND : : **companion**

15.TROUBLE : : **problem**

16.CRITICIZE : : **disapprove**

25.“Sunday is to Monday as today is to_____”: **Tomorrow**

23.Think of a single letter which when added anywhere to the body of the following words forms an entirely new word.

“BUST” “FIST” “TICK” “BOW”: **R**

38.What is that which is found once in your “tea”, twice in your “coffee”, but never in your “milk”? **Letter-E**

27.We prefer to wear woolen clothes in winter because_____: **Woolen clothes are bad conductor of heat**

71._____ is the Earth’s only natural satellite.: **Moon**

72. Which of the following is not a primary colour?

Black 80. _____ is the biggest source of energy.:

Sun

21. If a geometric sequence starts with a first term of 2 and grows exponentially by a factor of 3, what is the sum of the 4th and 5th terms? **216**

22. It takes 3-minutes to boil a single egg on an oil stove. How many minutes will it take to boil 7-eggs together?: **3**

26. If "BOY" is coded as 539 and "GIRL" is coded as 8627, then how would you encode "GLORY"? **87329**

28. I am 6th in the queue starting from either end. How many are there in the queue? **11**

29. If $34 + 35 = 15$, $55 + 86 = 24$, $78 + 19 = 25$, then $24 + 24 = ?$ **12**

30. If $20 - 4 = 10$, $30 - 6 = 10$, then $40 - 8 = ?$ **10**

31. Javed will be 6-times as old in 50-years as he is now. What is the present age of Javed? **10 years**

41. Bold, Italic and underline are: **Font Styles**

42. What is the function of Justify? **It aligns the text equally from all sides**

45. Shortcut key to select all text: **Ctrl + A**

46. =Min E3:E9 shows: **Minimum value from 3rd to 9th cell in column E**

47. How is data represented when copied from Excel to Word? **In a table of MS Word**

48. Why files of Excel are called a Workbook? **They contain a number of Work sheets and Chart sheets**

49. IF, NOT, OR, XOR are: **Logical functions**

50. Which short key is used to hide a column? **Ctrl + 0**

51. By using which short key, Presentation starts from current slide? **Shift + F5**

53. Which option of menu bar shows textbox, pictures, and animations in MS Power Point? **Insert**

54. Which is the short key to jump to the first of the presentation? **Ctrl+ Home**

56. What is the Font size range of text in MS Word? **8 - 72**

57. Where is the header and footer located in MS Word? **On every page**

58.What shortcut key is used for line break? **Shift + Enter**

59.F7 is used for: **Spell checking**

60.F11 is used in MS Excel for: **To insert chart for the selected cells**

61.Checks that should be performed before downloading a software includes: **System requirements verification**

63.Which one of the following can be the most trusted source to the software installation?
Licensed CD/DVD

64.Generally one of the best practices during the installation of software is: **Close all the user's running programs**

65.Most of the installation begin by auto run feature, otherwise the installation can be started by selecting: **setup.exe** 66.Which is the most important consideration while installing hardware? **Make sure that all components are available and are new (unused)**

67.Which one of the following is NOT a hardware installation / maintenance challenge?
Confusing service contracts / agreements

68._____ type of hard disk formatting ends up in creating File Allocation Table (FAT).
High level

69.Maximum length of a parallel cable is: **15 ft**

70._____ is the storage device which stores operating system and application programs.
Hard disk

73.The software that are available free of cost is called: **Freeware**

74.15 (fifteen) is represented as _____ in Romans: **XV**

94.Ethics deals with the standards by which we judge human action to be _____ or wrong:
Right

96._____ is a justified claim against another person's behavior and conduct. **Right**

97.An action is ethically _____ right if the consequences of the action are more favorable than unfavorable. **Right**

98.Religion regards conscience as the voice of _____ speaking in the soul of man. **God**

99.When we make the judgment, "this action is right," we imply that the action has some _____ or that it is worthwhile. **Value**

100. "Self-realization" in ethics means: **To know self**

81. In Hindu's society, there are _____ castes. **4**

82. How many days are in a "Leap Year"? **366 days**

75. _____ is our national flower.: **Jasmine**

76. Quaid-e-Azam is buried in: **Karachi**

77. Who is our national poet? **Allama Iqbal**

78. The first Governor-General of Pakistan was: **Quaid-e-Azam**

79. K-2 is in: **Pakistan**

84. _____ is a famous city for sports goods all over the world.: **Sialkot**

83. The only Pakistani Scientist, who won the Nobel Prize, was: **Dr. Abdul Salam**

85. Lake Saif-ul-Maluk is located in: **Khyber Pukhtoon Khwa**

86. In which Islamic month, first Wahi was descended?: **Ramazan-ul-Mubarik**

87. Year of Nabowat of Hazrat Muhammad (SAW) is: **610 AD**

88. How many Sujood are there in the Holy Quran? **14**

89. What is the meaning of Sariyyah? **A battle not attended by the Holy Prophet (SAW)**

90. "The Torah" was revealed on: **Hazrat Musa(AS)**

91. The part of prayer the Holy Prophet (SAW) did is called: **Sunnat**

92. The 2nd pillar of Islam is: **Namaz**

93. When was first Hajj performed by Muslims? **9 Hijri**
